N874	Outcomes Management/Quality/Patient Safety	(3 cr.) FA, odd
N878	Residency**	(3 cr.) SP

CNL Core Courses (total of 16-18 credits)

NXXX	Evidence Based Nursing Care for Clinical Populations I**	(3 cr.) TBD
NXXX	Evidence Based Nursing Care for Clinical Populations II**	(3 cr.) TBD
N715	Pathophysiology***	(3 cr.) FA
NXXX	Aging and Health/Gerontology	(3 cr.) TBD

Two Special Topics Courses (minimum of 4 credits)

* An individualized program of study will be designed, based on an applicant's prior academic coursework, and professional and clinical experiences. An applicant's transcripts from prior academic institutions will be reviewed by the advanced practice coordinator or designated faculty advisor to determine an applicant's specific program of study. Post-master's students take courses with graduate students in the Master of Science in Nursing program.

** These clinical courses must be taken sequentially: EBP I, EBP II, and then Residency.

***Must be taken within 5 years of matriculation.
