Wo000–hoooo! One semester is nearly over. Come celebrate your successes, get encouragement from other CaBB students and faculty, and prepare to take a much-needed break. This is an informal gathering to take a minute to reflect on all you’ve done this semester, your short-term plans for next semester, and staying focused on your long-term goals.

Agenda for this session: Fun, Fellowship, Snacks & Music! (Maybe jazz – we’ll see!). Can you manage that after classes end today?
