Are You Interested in Nursing?

Stand Up and Lead for a Healthier Tomorrow...

Come join our 1st CaBB activity!

The CaBB Project (Careers Beyond the Bedside)—A federally funded initiative to increase diversity in the nursing workforce. The program targets particular groups currently underrepresented in the nursing profession: ethnic minority groups, “first-generation” college students, or students who currently reside in a medically under-served geographic area. Many of the benefits of the CaBB project are open to any pre-nursing student.

Thursday, October 11, 5-6:30 pm
School of Nursing, Carrington Hall
Room 207

Want to describe your interest in the nursing profession to friends and family? Don’t want to miss your chance to make an enormous and fulfilling difference in the lives of people in your community, country, and around the globe? Come and meet others in the program and your future faculty and peers!

In this information session:
• Learn about landmark findings advancing the role of nursing in our reformed healthcare system
• Hear from a panel of practicing nurses in different specialty areas

Representatives from the UNC-Chapel Hill School of Nursing (SON) Student Nurses’ Association will also be available to discuss mentoring relationships and what it’s like to be a student in the SON.

To register for this session or get directions, please call, 919-843-8554 or email CaBBnursing@unc.edu
