

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Alden, Kathy

Maternal/Newborn Care
Human Lactation
Adult Education

Alderman, Jennifer

Maternal/newborn nursing
Health care systems issues, such as quality, safety, outcomes, and leadership in organizations
Interprofessional education
Simulation
Inter Professional Education

Alexander, Rumay

Change Management
Health Literacy
Health Disparities
Diversity and Inclusiveness in Nursing
Health Care Workforce Issues
Patient Satisfaction
Nursing Sensitive Indicators
Public Policy
Implicit bias
Intersectionality
Institutional Racism

Anderson, Ruth

Outcomes of nursing and health care management practices
Adaptation in chronic illness and Intersection of care systems
Aging families and chronic illness management

Asafu-Adjei, Josephine

Variable Selection Techniques,
Classification Methods
Bayesian Analysis
Discriminant Analysis
Neurostatistics

Bangura, Abu

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Barksdale, Debra J.

Stress and Coping
Cardiovascular Disease and Hypertension
Black American Health Issues
Health Disparities and Socio- /Psycho- / Physiological Influences
Nurse Practitioner (Education and Practice)
Teaching Innovations
Comparative Effectiveness Research
Patient-Centered Outcomes Research

Beeber, Anna S.

Gerontological Nursing, Health Services Research
Nurse and Direct Care Worker Staffing and Service Provision in Residential Care/Assisted Living
Staff Training Interventions in Long-Term Care
Evaluating Care for Older Adults with Dementia in Long-Term Care Settings (Nursing Homes, Residential Care/Assisted Living, and the Program of All-Inclusive Care for the Elderly)
Interdisciplinary Research
Family Caregiving and Family Management of Dementia Care
Nursing workforce in long-term care

Beeber, Linda S.

Intervention to reduce depressive symptoms and anxiety in high-risk mothers of infants and toddlers (specifically low-income mothers of diverse ethnicity)
Intervention to reduce depressive symptoms in mothers of infants and toddlers with suspected developmental disabilities receiving Early Intervention services (federally funded enrichment services through the IDEA legislation)
Mental health intervention research with Latino families with Limited English Language Proficiency (LEP)
Mental health Interventions with limited literacy populations
Implementation of evidence-based mental health practice change (large-scale)
Psychotherapy for Depressive Symptoms and Depression
Increasing Access to Mental Health Care using Alternative Methods (In-Home Delivery, Language Interpreters, Integrated Models [Primary Health Care and Community Service Agencies])
Tailoring Interventions to Increase Acceptability to Multiple Cultural and Community Applications
Interpersonal Theory of Nursing (Peplau): Development, Extension, and Application
Advanced Practice Psychiatric Mental Health Nursing – All Groups and Populations (Including Individual, Group, Milieu, and Family Therapy Modalities)
General Linear Models and hierarchical multiple regression analysis
Diversity and Inclusiveness in Nursing
Active Learning and Classroom Evaluation Strategies in Teaching

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Berry, Diane C.

Weight Management Interventions for Low-Income African-American, Hispanic, and Caucasian Families
Weight Management Interventions for Low-Income Spanish-Speaking Families
Prevention of Obesity in Low-Income African-American, Hispanic, and Caucasian Families
Prevention and Management of Type 2 Diabetes
Management of Gestational Diabetes Mellitus
Weight Management in Pregnant and Postpartum Women

Biondi, Andrea

Neonatal Care
Late preterm infants
Pediatric Emergency
Pediatric Intensive Care
Primary Care Peds
School Nurse Lecturer
Neonatal Intensive Care

Black, Beth

Perinatal Loss
Pregnancy after Severe Fetal Diagnosis
High-Risk Pregnancy, Labor, and Delivery
Maternal Identity and Role Attainment
Maternal-Infant Interaction
Prenatal Technology
Reproductive Loss in Lesbian Couples

Brooks, Jada

Bryant, Ashley Leak

Care of the older adult with cancer and caregiver
Patient reported outcomes and symptoms in hematological malignancies
Health related quality of life in adults with cancer
Diabetes and Cancer impact on Health Related Quality of Life
Utilization of health services
Mentoring paradigms

Bush, Tom

Orthopaedics and Sports Medicine
NP transition to practice
Postgraduate NP education
APRN policy and regulation

Cartmell, Su

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Caruso, Diane

Cockroft, Marianne

Community Health/Public Health
Faith-Based Health Initiatives
Adolescents and diabetes
Adolescent Health Promotion
School Health
Clinical Teaching

Crandell, Jamie L.

Bayesian Statistical Methods
Missing Data
Mixed Models
Functional Data Analysis
Measurement Error

Cronenwett, Linda (phased retirement)

Effects of Administrative/Leadership Contexts on Quality of Care
Medication Errors
Quality and Safety Educational Pedagogies

D'Auria, Jennifer

Primary Care of Children
Chronic Illness in Children
Bibliometrics
Nursing Education
Evaluation of Internet Health Information
Integrative Reviews

Davis, Suja

Surgical Nursing
Postoperative care
Informatics
Geriatrics
Gastroenterology/GI Nursing

Davis, Amanda Brinson

Childhood Asthma and Allergies
Breastfeeding
Adolescent Health and Primary Care

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Davison, Jean

Family Nurse Practitioner: Primary Care and Community Oriented Care
Health Disparities and Underserved Populations
Disease Prevention and Health Promotion in Primary Care and Community/Population Focus
Global Health
School Nursing
Population Health
Hypertension
Sexually Transmitted Diseases

Dieckmann, Janna

Public Health Nursing: Planning, Practice, Policy
Home Health Care, Home Visiting, and Visiting Nurse Practice across the Age Span
Discharge Planning, Post-Hospital Follow-Up, and Coordination of Care: Transitional Care
Systems of Long-Term Care, Chronic Care, and Elder Care
Health Promotion for Individuals, Families, Groups, and Communities
History of Public Health Nursing, Health Policy, and Nursing
Historical Research Methodologies, Including Archives and Oral History

Dix, Dustine

Durham, Carol F.

Use of Simulation in Nursing Education (Including the Use of the Human Patient Simulator)
Safe Patient Handling and Movement (Incorporating into Curriculum)
Nursing Education with a focus on skill acquisition
Interdisciplinary Teamwork and Communication
Quality and Safety in Nursing Education
Integration of Concepts into Simulation

Eck, Birmingham

Ellington, Kelly

Esposito, Noreen

Psychiatric-Mental Health Nurse Practitioner, Private Practice
Equine Assisted Psychotherapy (EAP); Equine Assisted Learning (EAL) for Health Professionals
EAGALA Model
Mindfulness; Mindfulness-based psychotherapies
Dialectical Behavior Therapy (DBT); Emotion-focused therapies
Women's, Perinatal & Postpartum Mood Disorders
Qualitative Research Methodologies

Past/other areas of work/interest

Patient-provider interactions
Women's Experiences With & Barriers To Health Care
Sexual Assault , Substance Abuse And Health Care Seeking Behaviors

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Intimate Partner Violence
Health Care for LGBT population
Health Care for LGBT population, Immigrant Hispanic Women's Health;
Women's Reproductive Health Care, Contraception, IUDs, Breastfeeding

Ford, Shannon

Foster, Beverly B.

Program Evaluation
Curriculum Development and Evaluation of Student Learning
Community Development and Interventions for Health Promotion and Disease Prevention
Strategies to Enhance Diversity in Undergraduate Nursing Education
Academic Testing and Support to Improve/Maintain NCLEX First-Time Pass Rates and Student Retention
Accreditation and Regulation Processes

Gingrich, Pat

Maternal/Newborn Care
Evidence-Based Women's Health Care
Contraception
Second-Trimester Abortion
Teen Pregnancy
Abnormal PAP Smears
Sexually Transmitted Diseases
Complementary and Alternative Medicine for Midlife Women
Pre-conceptional and Pre-Natal Health
Growth and Development

Giscombe, Cheryl

Psychological Stress
Health Disparities
Health Equity
Mental Health
Stress Management
Complementary and Alternative Interventions
Mind Body Interventions
Mindfulness-Based Stress Reduction
Community-Based Research
Community/Academic Partnerships
Health Promotion in African American Communities
Women's Mental and Physical Health
Instrument Development
Designing Culturally-Relevant interventions
Intersectionality
Superwoman Schema Conceptual Framework
Stress-Related Coping Strategies (e.g., Using Food to Cope with Stress/Stress-Related Eating)

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Stress Factors Related to Obesity

Goyler, Michael

Greninger, Linder

Griffin, Elizabeth

Pediatric Emergency Nursing
Pediatric Triage and Assessment
Pediatric Head Injuries
The Emergency Severity Index

Harlan, Christina

Public Health Nursing
Global Health

Harwood, Elaine

Family and Adult Nurse Practitioner (Practice and Education)
Acute Care of Adult Patients
End-of-Life and Palliative Care for Patients and Caregivers
Complementary and Alternative Therapies
Women and Heart Disease
Workplace Wellness Systems
Health Risk Assessment and Management
Transitional Care
Patient Centered Medical Homes
Reflective Practice

Havens, Donna

Hospital Organization and Outcomes
The Organization of Nursing in Hospitals
Evidence-Based Management and Organization
Staff Nurse Decisional Involvement
Nurse Workforce Issues
Magnet Hospitals
Positive Organizational Scholarship
Use of Appreciative Inquiry in Healthcare
Translating Organizational Research into Practice
The Nursing Work Environment
Implementation Research
Use of Learning Collaboratives to Promote Change

Heiser, Ted

Hill, Jill

Racial and ethnic disparities

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Access to health care
End of life
Hospice Utilization
Health Literacy
Patient Education
Staff Development

Ho, Nancy

Hodges, Eric

Early Childhood Obesity Prevention
Parenting
Feeding during Infancy and Toddlerhood
Child Development
Observational Methods
Developmental Science

Hoffman, Sandra

Nutrition in Older Adults
Gerontology (Especially Sleep in Older Adults)
Spirituality

House, Margaretann

Hubbard, Grace

Play Therapy with children 3-12
Play Therapy concepts across the lifespan
Student-centered learning
Curriculum/program development
Reflective practice

Hubbell, Sara

Family Nurse Practitioner
Nurse Practitioner workforce
Nurse Practitioner regulation and policy
Spirituality
Tick-borne related allergies, i.e. alfa-gal

Irabor, Ramona

Burn Wound Care
Pain Management in the Post-Operative Chronic Pain Patient

Jacobson Vann, Julie

Strategies to increase immunization uptake
Implementation strategies to reduce toxic exposures

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Jenerette, Coretta

Self and family management in individuals and families living with sickle cell disease
Self-care in chronic illness
Health Disparities in minority populations
Theory-based interventions

Jessup, Ann N.

Cardiovascular Health
Diabetes
Pediatric Primary Care Topics (and Other Topics Applicable to Primary Care Nurse Practitioner Practice)

Jones, Cheryl

Nursing Turnover and Retention
Nursing Workforce and Labor Market
Costs and Quality Outcomes
Nursing Work Environment
Health Services Research
Point-of-Care Research

Kelly, Maureen

Pediatric gastroenterology disorders/diseases, particularly inflammatory bowel disease, feeding difficulties
Adolescent care
Chronic illness
Adherence
Transition of care to adulthood

Khairat, Saif

Human factors (Human-Computer Interaction)
EHR usability
Telemedicine/mobile health
Cancer research
Critical care research

Kitzmilller, Rebecca

Organizational change focused on patient care delivery and outcomes
Team interaction
Health technology implementation
Qualitative research

Knafi, George

Analysis of Categorical Data
Analysis of Family Data
Analysis of Longitudinal Data
Analysis of Electronically Monitored Adherence Data
Cluster Analysis

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Evaluation of Survey Instruments
Adaptive Selection of Statistical Models
Mediation and Moderation Analyses
Nonparametric Regression and Classification

Knafli, Kathleen

Family Response to Childhood Chronic Illness
Family Management Style Framework
Qualitative Research
Knowledge Synthesis and Synthesis Research
Instrument Development

Kneipp, Shawn M.

Mitigating Health Inequities Related to Social and Economic Disadvantage
Social Determinants of Health
Welfare/Unemployment/Employment and Chronic Disease Prevention/Management
Linking Public Health and Primary Care Systems
Community-Based Participatory Research
Public Health Nursing Models of Care/Home Visiting
Complexity Theory
Systems Science Methods
Transdisciplinary Team Science
Physiological Mechanisms Related to Chronic Stress Population Health Disparities

Lamanna, Beth

Public Health Nursing

Lanning, Rhonda

Reproductive Justice
Maternal and newborn health
Human lactation and breastfeeding
Preserving Normalcy of Childbirth in an Increasingly Medicalized Model of care
Teen Motherhood
Midwifery
Doula Care
Interprofessional health education
Sex trafficking and the nursing role

Last, First

Lauer, Kristin

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Leeman, Jennifer

Translating Research to Practice
Implementing Change in Practice
Disseminating Research Findings
Health Disparities
Obesity Prevention

Leonard, Christina

Lester, Vickie

Abdominal surgery post-operative care
GI Disorders
Clinical Education of nursing students in adult health

Lewis, Julie

Adult cardiology
Preventative cardiology

Lorenzen, Rachel

Perioperative Nursing
Adult Education
Global Nursing

Lynn, Mary

Definition and Measurement of Quality of Care
Work Satisfaction
Organizational Commitment
Patients' Expectations for Care
Outcome Measurement
Instrument Development and Evaluation

Mark, Barbara

Organization of Acute Care Health Systems
Organization Theory
Work Environment and Patient Safety Research
Quality of Care in Acute Care Hospitals
Nurse Staffing

Mayer, Deborah

Cancer Survivorship Issues
Cancer Survivor Care Delivery
Cancer Quality of Life
Cancer Information Seeking
Online Focus Groups and Surveys
Website Development
eHealth Applications

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

McCarthy, Regina

McKenzie, Carolyn

Diabetes and Cardiovascular Disease
Perceptions of Illness, Faith, and Self-Care Behaviors
Home Health Care and Community-Based Nursing
Community-Based Research
Clinical Instruction of Nursing Students
Poverty Research and Simulations

McPhee, Caiocimara

McQueen, Laura

Moore, Katherine

Mullen, Leigh

Medical/Surgical Nursing

Nance-Floyd, Betty

O'Hale, Ann

Newborn Care
Neonatal Intensive Care
Pediatric Nursing
Clinical Teaching

Onori, Ken

Type 2 diabetes mellitus management
Childhood/Adolescent obesity
Chronic disease prevention and management
Health disparities
Patient health outcomes improvement
Critical Care of hospitalized patients
Nursing Diagnoses in patient care
Hospital administration/Resource utilization

Oppewal, Sonda

Public Health Nursing
School Health and School Nursing
Lifelong Learning and Adult Education
International Educational Development in Nursing
Service Learning with vulnerable populations

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Orlowski, Jillian

Page, Julie

Acute Care of Older Adults
Arthritis and Joint Replacement
Delirium in Older Adults
Nutrition

Palmer, Carrie

Palmer, Mary H.

Geriatrics, gerontology, aging
Health policy
Behavioral change theories
Lower urinary tract symptoms in adults
Research in Women's Health
Interdisciplinary Research
Global Aging Leadership

Pellico, Susan

Piven, Mary Lynn

Adult/Geriatric psychiatric care access and quality and outcomes of care across acute and long term and community settings
ANCC Board certified Psychiatric Clinical Nurse Specialist/Nurse Practitioner (Practice and Education)
NC Mental Health and Substance Use access, standard/quality of care to older adults, specifically related to future systems of care in NC
Individual, Group and Family Therapy in primary care/integrated care systems; Consultation liaison psychiatric nursing in acute and chronic illnesses
Quality of life in aging/aging with and without cognitive disability
Role of para-professional/volunteers in using behavioral activation and problem solving interventions to meet mental health service needs of aging population
Nursing assistant interactions and emotional care to older adults with dementia; family caregiving and continuum of dementia care
Observational coding, case study research and "rubber hits the road" implementation of evidence based practices
Faculty practice development Medicare payment structure/billing services

Price, Marva

Randall, Megan

Emergency Medicine
Point-of-care Ultrasound
Critical Access Hospitals

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Raphael-Grimm, Theresa

Provider Biases, Stereotypes, Attributions, and Their Impact on Patient Outcomes
Psychotherapy
Psychotherapy in Cancer and Chronic Illness
Cognitive Behavioral Therapy
Subtle Distortions of Western Culture and Their Influence on Health
Race, Class, Age, and Gender Issues in the United States
Organizational Culture and Psychology
Mindfulness-Based Psychotherapy
Inter-professional Education in Interpersonal Communication

Rochin, Elizabeth

Rodgers, Shielda

Roscigno, Cecelia

Traumatic brain injury
Disability
Communication in Healthcare
Qualitative Methods (descriptive phenomenology, content analysis, narrative analysis, discourse analysis, ethnography of speaking)
Pediatric neuroscience nursing

Rowsey, Pamela Johnson

Cytokines, Exercise, Injury, and Illness
Fever, Exercise, and Stress-Induced Temperatures
Stress, Inflammatory Biomarkers and Chronic Disease
Health Disparities and Chronic Disease
Physiological link between Inflammatory Biomarkers and Chronic Diseases
Neuroendocrine and Immunopeptide Regulation of Body Temperature
Organophosphate Insecticide-Induced Changes in Core Temperature

Santacroce, Sheila

Biomarkers; chronic stress, theory-based intervention research
Evidence-based care, childhood and adolescent-young adult (AYA) oncology
Health disparities, AYA oncology
Health-related quality of life, pediatric and AYA oncology
Illness uncertainty, pediatric and AYA life-threatening illness
Parentis/parenting, pediatric and AYA life threatening illness
Posttraumatic stress symptoms/disorder and posttraumatic growth, pediatric and AYA life-threatening illness
Stress, appraisal and coping; pediatric and AYA life-threatening illness
Survivorship
Technology; use in research
Theory-based intervention, pediatric and AYA life threatening illness

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Transition to adult care and/or primary care, AYA life threatening illness
Treatment fidelity

Santos, Hudson

Perinatal mental health in mothers and fathers
Latino's health (immigration, acculturation, and health disparities)
Family health (low-income, and multi-ethnic families)
Parent-infant interaction
Affective symptom trajectories
Neurobiology of affective symptoms

Qualitative and mixed-methods research
Longitudinal research
Biobehavioral research
Non-invasive methods for assessing biological data in home-based studies (specifically oxytocin and vasopressin)

Cross-language issues
Symptom science

Schuler, Mary

Curriculum Development
Leadership
Program Evaluation
Administration
Adult Health
Health Literacy

Schwartz, Todd

Categorical Data Analysis
Longitudinal Data Analysis

Sharpe, Leslie

Prevention of obesity
Diabetes/HTN
Community Health Homes

Sherwood, Gwen

Quality and Safety in Nursing Education
Pain Management Outcomes
Team Work as a Variable in Patient Safety
Caring Theories that Define Relational Aspects of Nursing
Spirituality and Health Care
Healthy Work Environments

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Global Health and Nursing
International Educational Development in Nursing
Qualitative/Meta-Synthesis

Smith, Kathryn

Hospice
End of Life Care
Geriatric/home health/community based care

Soltis-Jarrett, Victoria

Integrated Health Care (especially integration of behavioral health into primary care)
Somatization and Psychosomatic Disorders
Malingering and Factitious Disorders
Psychopharmacology (Education, Teaching, Practice)
Rural and Remote Mental Health Care Issues
Participatory Research
Pharmaceutical Clinical Trials Research
Simulated Patient Experiences
Evaluation of PMHNP Competencies
Emancipatory pedagogy
Curriculum transition from Clinical Nurse Specialist in PMHN to
Family Psychiatric-Mental Health Nurse Practitioner Program
HRSA Grants
Psychiatric-Mental health Workforce

Song, Lixin (Lee)

Quality of life of cancer survivors and family caregivers
Stress and coping during cancer survivorship
Patients-family caregivers-health care professional communication in oncology care
Patient-family interaction and caregiving during cancer survivorship
Racial disparities in cancer care
Research methodology
Prostate cancer treatment decision making

Song, Mi-Kyung

Palliative Care and End-of-Life Care
Communication Intervention
Clinical Ethics
Chronic Kidney Disease
Dialysis
Lung Transplantation

Stirdivant, Deborah

Sutphin, Mary Charles

Nurse-Midwifery

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Tesh, Anita

Research Design, Assessment and Measurement
Geriatrics
End of Life Issues and Access to Nursing Education

Thoyre, Suzanne

Development of Early Oral Feeding Skills
Behavioral and Physiologic Responses to Oral Feeding during Infancy
Caregiver Co-Regulatory Feeding Interventions
Caregiver Working Models of Feeding Co-Regulation
Feeding Problems of Young Children and Their Families
Observational Methods
Biobehavioral Measures

Toles, Mark

Transitional care and discharge planning
Intervention development for improving care systems for older adults
Patient care in skilled nursing facilities
Patient-centered outcomes research
Translating organizational research into practice
Health services research

Travers, Debbie

Informatics
Emergency Nursing
Emergency Department Triage
Health Data Standards
Public Health and Syndromic Surveillance
Natural Language Processing
Asthma Surveillance

Tysinger, Virginia

Valcheff, Karen

Trauma Emergency Room
Long-term Care Education
Cardiovascular

Van Riper, Marcia

Adaptation and Resiliency in Families of Individuals with Genetic Conditions
Family Experience of Living with or Being Tested for a Genetic Condition
Family-Provider Relationships
Ethical Implications of Advances in Genomics
Feeding Issues for Children with Genetic Conditions/Disabilities
Siblings of Children with Down Syndrome and other chronic conditions
Genetic Testing in Minority Families

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Ethical, Legal, and Social Implications (ELSI) of Large Scale Genomic Research

Vernon-Platt, Tracy

Cardiac surgery
Cardiology
Heart Failure
Ventricular Assist Devices

Wagner, Jennie

Maternal/Newborn Care
Human Lactation
Pediatric Development
Screening (Birth to Age 5)
Educational Advancement for RN to MSN

Waldrop, Julee

Maternal – Child health
Breastfeeding
Newborn safety
Adolescent mental health
Maternal mental health
Child and adolescent Immunizations
Early Intervention
Prevention of childhood obesity

Waters, Hugh

Health Economics
Costs of Healthcare
Quality Improvement
Costs of Quality Improvements
Access to Health Care Services

Wazenegger, Wanda

Family Nurse Practitioner: Adult Gastroenterology
Death and Dying (Palliative Care, Spiritual Care)
Oncology: Psychosocial Concerns (Patient and Family)
Celiac Disease: Diet Education

White, Michelle

Williams, JoAn

Rehabilitation Nursing
Orthopedic Nursing
Spinal Cord Injury
Bowel and Bladder Dysfunction

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Hospice Nursing

Williams, Megan P.

Family Nurse Practitioner (Primary Care)
Nursing Education
Pediatric Nursing
Pediatric Critical Care
Medical/Surgical Nursing
Student Leadership (Association of Nursing Students)
Nursing Leadership
Curriculum and Instruction

Woodley, Lisa

Pediatric Nursing
Medical Surgical Nursing
End of Life Care
Nursing Education

Wu, Jia-Rong

Cardiovascular Nursing
Medical-Surgical Nursing
Geriatric Nursing
Medication Adherence
Pre-hospital Delay
Health Disparity
Self-Care Behavior

Yeo, SeonAe

Community-based Lifestyle Interventions during Pregnancy
Women's Cardiovascular Health
Culturally Competent Care for Asian Families
Language Barriers: Access to Care

Zegre-Hemsey, Jessica

Electrocardiography
Acute Coronary Syndrome
Emergency Department
Triage and Risk Stratifications
Cardiovascular Systems of Care

Zomorodi, Meg

End-of-Life Care
Intensive Care Nursing
Instrument Development and Evaluation
Family Satisfaction
Nursing Satisfaction
Neuroscience

Faculty Research Interests and Expertise
Fall 2015/Spring 2016

Clinical Nurse Leader
Interprofessional Education and Collaboration
