The CaBB project (Careers Beyond the Bedside) is a federally funded grant (HRSA Grant# D19HP24298) to increase diversity in the nursing workforce. The program targets students currently underrepresented in the nursing profession. This program seeks students from economically or educationally disadvantaged backgrounds, and/or historically underrepresented ethnic minority groups, “first-generation” college students, or students who currently reside in a medically underserved geographic area. Many of the benefits of the CaBB project are open to any pre-nursing/nursing student.

**MSN, PhD, DNP: Understanding Graduate Program Difference in Nursing**

**Thursday, January 23, 2014**

5:00-6:30 pm, Room 208

School of Nursing

Carrington Hall

This seminar will include the following topics for pre-nursing and current nursing students:

- What are the benefits related to pursuing graduate education?
- What are UNC School of Nursing’s graduate education choices?
- Which graduate track fits your professional & personal goals?
- What preparation is needed for each program?

This seminar is most appropriate for students considering nursing as a career path. All students involved in the CaBB program are encouraged to attend. The session will include information delivered by program officials, current and former students, as well as information on navigating the School of Nursing website to obtain more information on graduate education.
