The CaBB project (Careers Beyond the Bedside) is a federally funded grant (HRSA Grant# D19HP24298) to increase diversity in the nursing workforce. The program targets students currently underrepresented in the nursing profession. This program seeks students from economically or educationally disadvantaged backgrounds, and/or historically underrepresented ethnic minority groups, “first-generation” college students, or students who currently reside in a medically under-served geographic area. Many of the benefits of the CaBB project are open to any pre-nursing/nursing student.
