Job Description: Psychiatrist Nurse Practitioner or Psychiatric Physician’s Assistant

Part or full time position working in a mental health outpatient facility providing behavioral health services in conjunction with mental health therapists and psychiatrists. Duties include outpatient med management and in-home visits for an Assertive Community Treatment Team (ACTT).

Work Activities:
- Provides a comprehensive assessment of patients
- Comletes the history of the present illness and reviews past histories and therapists, nurse practitioners, physician assistants, and psychiatrists' evaluations,
- Interview patients to obtain insight into their problems,
- Makes referrals for further diagnostic psychological or medical/lab testing as needed,
- Provides individual, group, family and pharmacologic therapeutic interventions as necessary,
- Provides crisis intervention and referral for psychiatric hospitalization,
- Provides appropriate patient assessment, planning, implementation and evaluation in accordance with acceptable Standards of Care,
- Establishes treatment plans for each patient,
- As appropriate, communicates with patients, patients' families and others to obtain personal and social information pertinent to the development of adjustment difficulty and to ascertain probable impact on the individual, unit, and community,
- Prepares and maintains documentation, records and reports in accordance with agency rules and regulations,
- Works in collaboration with multi-disciplinary team to perform clinical assessments and develop treatment plans.

The team includes mental health therapists, psychiatrists, nurses, nurse practitioners, and physician assistants.
- Prescribes psychiatric medication as needed.
- Works under the direct supervision of the psychiatrist.

Job Context:
Responsibilities will occur in Goldsboro, NC, with staffing averaging 22 individuals. Spacious, climate-controlled, offices will be provided upon appointment. The facility will house varied therapies concurrently in separate, soundproof, private offices.

Facility work hours are Monday-Friday 8am to 5pm, however, individual schedules may vary. Individual responsibilities are mostly limited to providing clients outstanding services. Additionally, contributing to the corporate culture and activities are expected. The atmosphere is positive, encouraging, and team-work oriented.

Compensation Information:
Compensation may be salaried or hourly depending on the candidate's preference for working as a contractor or as a full time employee with benefits. Benefits are negotiable but include a competitive salary, leave, short term disability, holidays, bereavement leave, and 401K.

Job Competencies:
The incumbent must hold a valid license to legally practice as a psychiatric nurse practitioner or psychiatric physician's assistant in the State of NC and have comprehensive liability insurance; be able to establish empathy and a person-centered approach to clients; have the ability to recognize own limitations and respond to difficult situations; skillfully work in a self-motivated and independent manner; have excellent communication and interpersonal skills to interact with team members as well as clients; and have a strong dedication to wellness.
