CONNECTIONS (5 courses)
Global Issues (GL) __________________
US Diversity (US) __________________
Experiential Education (EE) __________

CHOOSE TWO OF THE FOLLOWING:
N. Atlantic World (NA) ______________
Beyond NA (BN) _____________________
World Before 1750 (WB) ______________
Commun Intensive (CI) ________________
Quantitat Intensive (QI) ______________

NURSING SCIENCE PREREQUISITES
*must have a grade of C or better
PSYC 101* ____________________________________________ (Psychology)
STOR 151 or 155* ________________________________ (Statistics)
BIOL 101/101L _________________________________________ (Can be Biochem 107)
CHEM 101/101L ________________________________________ (Can be Biochem 108)
CHEM 102/1012 _________________________________________ (Can be Biochem 108)
BIOL 252* ____________________________________________ (Anatomy or A&P1*)
PHYI 202* ____________________________________________ (Physiology or A&P2*)
MCRO 251* ____________________________________________ (Microbiology*)

All applicants must have:
• a grade of B- or better in Anatomy, Physiology and Microbiology within five years of submitting an application.
• a grade of C or better in Statistics and Psychology within two years of submitting an application.
• completed at least three of the science prerequisites by the time an application is submitted in December, and the remainder prerequisites must be completed before beginning the BSN program in May.
• completed a full Anatomy and Physiology 1 and Anatomy and Physiology 2 sequence at the same institution, or a complete course in Anatomy and a complete course in Physiology

To determine if your AP test scores are high enough for credit at UNC, please go to: admissions.unc.edu/Academic/Credit.
